SmartMag is equipped a Drag and Drop Page Builder that will allow you to use over 11 special page builder widgets and 7 blocks variations.

Drag & Drop Page Builder

Using the page builder, you can get creative and use the several blocks and widget combinations to create the homepage or any page you desire.

Shortcodes for Advanced Users

Using drag and drop page builder isn't the only option to construct a page. If you're an advanced users, all of the pagebuilder widgets and blocks are also available with shortcodes.

All the shortcodes you will need are covered in the documentation.
